#### About these Summertime Adventure

##### CHEAT NARROWS

Cheat Narrows is a five mile stretch of river and what Blackwater Outdoor Adventures does best! BOA has named some of the rapids and utilize them like no other company. These rapids become increasingly more exciting and rate Class II, III, and IV.

"You will drive to our Outpost in St. George, near Parsons W.Va. (about 30-minutes from Blackwater Falls State Park), where we'll grab our gear and take the bus to our put-in. Some trips offer a riverside picnic on the rapids!

You will also enjoy our huge jump rock and plenty of opportunities for swimming. The professional guides at Blackwater Outdoor Adventures have learned the spots to stop and give you the opportunity to explore, look for fossils or simply soak up the afternoon sun.
